

Present: Mirvat, Vladimir, DG., Scott, ^{Borghia} Laurent Vivien, Anna, Sean-Michael,
David, Jan N., Sana, San, Cosmin.

Remote: Anders N., Miroslav, Lidija, John Kenley, Nuño
ld. Eygene

13¹⁵ Anna PNCN. [see slides] * for new Rev has only a single subordinate.

* Bull also does EC (@30k€) Protection

* doc signing is not in Adobe's final programme.

(similarly vLS is not public final)

* sign. cert are ephemeral (EC:-) for signing does based on another authentication.

14⁰¹ Cosmin. Review: ATGrid winding down.
(Status)

RDIG : Eygene will call on Wed.

GTRUA: closed! (V)

MDGrid: pending. MAGrid. / CESNET. pending.

MAGrid.

14⁰⁷ Vladimir / ACAD.BG: [see slides] "online" is the portal server.

* revocations due to forgotten passphrases

- in sheet v1- there were some xref errors compared to 3647

see email sep 19th.

sheet's need revision. → to do (ACT)

GDPR: need a notice which may be separate.

Reviewers: Jan N, David G.

15¹⁹ Jens / ULL esc S/A: 2x LunaQT + 2x nCipher w/activated HSMs.

* for all except Jens there are at least 2 people involved (Johannes typically)

- RFC 6962 "CT" for public log of certs.

* TACAR → its own future will be part of PKI strategy evaluation for GEPN.

* hard to sustain in-person RP checks so maybe more based on heuristics.

* Robots are a few for HICE and others for data movement.

Reviewers: Jan, David G.

Sens // HAI Pathfinder: check selection of IdP's in CPICPS for assurance check.

~~XXXXXXXX~~ BIRCH.

the IRIS community is using HPC with PRACE which needs BIRCH.

15⁰³ // Sens. based on EOSCHub 5.10.1 on distribution of RCanth.eu

(see Google doc "4x mgj14/")

moving the pieces. 1 hand over USB in F2F[Ⓟ] 3 one with pers. certs / PGP
2 portal msg. USB+deal. 4. X

independence with "canaria" to protect against customs / SService

3 factors used in Banking (as confirmed by Jan C).

checksum can be Address2 / CRC since it only has to protect against typos.

(2 secrets + a private key) (→ Approved by PHA.). ok.

Governance EUDAPT → Sens?

17⁰⁰ Jonell // SCI → see slides.

Tue 25 // Cosmin ROSA CA / Romanian Grid [see slides]

Reviewers: Ian N, David G.

0943 // Kelsey SCI → assessment part of NAB. (last locked at in 2013).

spider diagram (like SP800-63 v3 vectors)

SCI assessment may be enough to satisfy ECJ's 175M request?

policy bit will help EOSC ~~part~~ info's to meet "SCI"
exact parameters.

"you must have a risk assessment that has determined
your policy (parameter) choices".

latest about "V4-RN"

lightweight → reduced levels? some elmts can be N/A!

SCI/PDK. links via "Indifi" (which is SCIR1 based) and some elmts like updates are not in PDK. missing from there and expand for eInfra's.

assessment alignment with SCIR2 and then focus on a few sections to show methodology.

↓ spreadsheet alignment with SCIR2. → googledocs (by Uros) put NAB effort on it (Uros).

present a self-assessment in January meeting (Geneva.) exact scoring can come later, for now put in 0...3 types and a N/A.

peer reviewers can then do QFD169 A...D score.

[Juelich agenda Nov '10]

11¹² Jan N//AUP [see also slides]

editing WISE baseline AUP (on granting authority)

[Google doc: 13d0b53nEQktI6→] v1.1 on agenda

access credentials: make sure delegation and tokens remain allowed. So "user"? What about robots?

* See new version 1.1 on agenda. (✓)

now go to WISE for comments (and ask alt for "Granting Authority")

14⁰⁰ PAOPs / community still needs to operator communicating? agreements etc

- apply also to the whole proxy?

- cap tokens are likely in scope (as in the proxy), but access token and refresh tokens are too OI/DC specific. More about re-usable assertions with a (longer) life time.

- separate attribute info and token generation.

see doc

Dech 16¹⁰ // TAG PMA update

possibility to get classic/BIRCM personal will be discussed in Orlando.

PS: Donk Matter is willing to issue personal IQTF CEDAR certs for retail! (V)

16²⁵ - APOps document editing - see diff.

17⁴⁰ Next meeting CERN Jan 21-23 2019

(17⁴⁵ end)

Wed 09¹⁹ Elyene. RDIG SA. [see slides]

"stickly" is for rekeying of existing users who forgot to renew.
data collection is fine since it has no govt' recognised sensitive data.

"no photocopies are kept"

* for re-assignment at renewal use proof of key possession. Relies otherwise on RA validating the request letter from applicants' institution.
re done yearly on 13 mo schedule!

Changes to CP/CS pending. send to Anders + David G reviewed (V)

09⁵⁴ Eric Yen / APGidPMA. [see slides]

remote setting for IIPCI now operational.

next mtg ISGC & APAN4D (fall 2019)

no link yet between ODC in APAN and APAS/GERANT activities.
invite for ISGC?

10¹⁵ AAOps structure: - classify specific guidance by tech, like the AP's "boxes"

- introduced on and concepts before guidance like in CSAPT or guide CoCo/RES.

get Hamat's feedback as well
